

Innsbruck, 29 May 2017

Notification of certification phase-out
EKL S / Connector Strips Polypropylene

Dear business partner,

We constantly strive to deliver innovative products that meet our customers' needs. Therefore, it is sometimes necessary to revise and adjust our product portfolio.

In order to guarantee that all technical (EN) standards are met, we collaborate with our partners OEVE, VDE and AENOR. As of summer 2017, we will exclusively have OEVE, VDE and AENOR approvals for our EKL 0 - 3 S polypropylene products. This certifies that EN standards are met and avoids double testing.

If there are no objections till May 31, 2017 from your side, we will discontinue following certificates:

Certificate	Country	Discontinued approval
SEMKO	Sweden	
NEMKO	Norway	
DEMKO	Denmark	
FIMKO	Finland	
DEKRA	Netherlands	
CEBEC	Belgium	
LCIE	France	
ESTI	Switzerland	
EZU	Czech Republic	
BBJ-SEP	Poland
