Notification of product phase-out No-flame-material

Dear business partner,

Electro Terminal constantly strives to offer an innovative product portfolio that meets the needs of our customers. Therefore, we regularly adapt our product portfolio.

As you have already been informed, we will discontinue our no-flame-material for the following products:

KADO XT
KADO 2/3
KADO XM
KA 1/3 B

Please note that these products are still available with the standard material PA6.6/6.
Below you will find the timeline of the phase-out process:

Orders already placed for the no-flame-material will still be delivered until May 2023.

As of now, new orders can only be confirmed for the versions with PA6.6/6, the corresponding alternative types can be found in the table below.

Following articles are concerned:

ET Art. No.	ET Art. No.	ET Art. No.	ET Art. No.
No-flame-material		PA6.6/6 alternative
